kaviyaarivarasan KaviyaGithub1 Chennai, Tamilnadu

CAREER OBJECTIVE

Fresher Certified Full Stack Developer with foundational knowledge in frontend and backend web development, gained through academic projects and hands-on training. Interested in building responsive web applications, understanding system workflows, and learning industry best practices. Seeking an entry-level opportunity to apply my skills, grow technically, and contribute to the development of reliable, user-friendly software solutions.

EDUCATION

- **Jeppiaar Engineering College -** B.E , Electronics & Communication Engineering (2022 - 2026) **CGPA - 8.16**
- **Government Higher Secondary School, Dharmapuri. -** XII (2021 - 2022 Scored - **85.9 %**
- **Government Higher Secondary School, Dharmapuri. -** X (2019 - 2020) Scored -**73.6%**

TECHNICAL SKILLS

- **Frontend Technologies:** HTML5, CSS3, JavaScript(ES6+),React.js, Next.js, Tailwind CSS, Bootstrap.
- **Backend Technologies:** Node.js, Express.js.
- **Programming Languages:** Python, Javascript, Typescript.
- **AI/ML Technologies**: Artificial Intelligence, Machine Learning, OpenAI API, Deepfake Detection
- **Databases**: MySQL, MongoDB, PostgreSQL.
- **Web & Development Concepts:** RESTful APIs, Responsive Web Design, CRUD Operations, Client– Server Architecture.
- **Tools & Platforms**: Git, GitHub,VS Code, Postman, Cursor, Claude, Antigravity.
- **Soft Skills:** Problem Solving, Team Collaboration, Communication Skills, Time Management, Adaptability Leadership.

PROJECTS

AI Hiring Integrity Platform–(HTML, Tailwind CSS, TypeScript, Next.js, Node.js, Express.js, PostgreSQL)

- Developed an AI-powered hiring platform with modules including Resume Verification, AI Fraud Detection, Deepfake Detection, Document Tampering Detection, and Candidate Management.
- Integrated the OpenAI API for AI-powered resume analysis, candidate evaluation, and intelligent verification workflows.
- Integrated a Python-based Deepfake Detection API to analyze recorded and live interview videos and identify potential AI-generated or manipulated content.
- Built responsive user interfaces using Next.js, TypeScript, and Tailwind CSS, with RESTful APIs powered by Node.js, Express.js, and PostgreSQL.

Metric Application – Student Academy Management System (MongoDB, Express.js, React.js, Node.js)

- Developed a MERN-based student academy management application to manage and store student details, academic information, and related records securely in MongoDB.
- Built responsive React interfaces and RESTful APIs using Express.js and Node.js for efficient student data management and retrieval.

Food House – Web Application(HTML, CSS, JavaScript, React.js,Bootstrap)

- Developed a responsive food ordering web application using React.js, HTML, CSS, JavaScript, and Bootstrap, implementing reusable components, menu browsing, cart functionality, and a user-friendly interface.

INTERNSHIPS

FULL STACK DEVELOPMENT INTERN – TECTRA TECHNOLOGIES- JUNE 2026 – AUGUST 2026

- Developed and maintained responsive web applications using HTML, Tailwind CSS, TypeScript, Next.js, Node.js, Express.js, and PostgreSQL.
- Built reusable UI components, integrated RESTful APIs, and collaborated with the development team to implement new features, fix bugs, and optimize application performance.

MERN STACK DEVELOPMENT INTERN – SOFTLOGIC SYSTEMS- AUGUST 2025 – JANUARY 2026

- Developed responsive web applications using MongoDB, Express.js, React.js, and Node.js (MERN), with a focus on user-friendly interfaces and efficient application performance.
- Built reusable React components, integrated RESTful APIs, managed data using MongoDB, and collaborated with the development team to implement features, fix bugs, and optimize applications.

TECHNICAL CERTIFICATION

- **Full Stack Development Certification – Tectra Technologies**
  Completed practical training in full-stack web development, including frontend, backend, databases, and RESTful APIs.

- **MERN Stack Development Certification – Softlogic Systems**
  Completed comprehensive training in frontend and backend web development.

- **Artificial Intelligence, Machine Learning & Python Certification – IBM**
  Completed training in fundamental AI/ML concepts and Python programming, covering core programming concepts and practical AI/ML applications.

PROFESSIONAL EXPOSURE

TECHZOOKA INNOVATION SUBMIT 2025 – INFOSYS- CHENNAI

- Participated in TechZooka Innovation Summit 2024 at Infosys, Chennai, gaining exposure to emerging technologies and innovation.
- Interacted with industry experts from Infosys, MongoDB, IIT Madras, and Kellanova.

CORPORATE ENGAGEMENT EVENT-2026, – TATA CONSULTANCY SERVICES- CHENNAI

- Participated in a TCS corporate engagement event, gaining insights into professional work culture, organizational practices, and industry environments.
- Interacted with TCS professionals and gained exposure to teamwork, communication, and workplace practices.
